ADVISORY LETTER

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Commissioner:

Applicant notes that this is one of three identical applications we have pending before the USPTO. In particular Serial No. 11/245,742 provides the same disclosure and same claims as the subject application, except that the targeted PAS domain is a PAS Kinase PAS domain. In addition, Serial No. 10/677,733 provides the same disclosure, but claims NMR detection of foreign PAS domain ligands.

Respectfully submitted,
Science & Technology Law Group
